COURSE MARKING

The entire course is well marked with signs, arrows and tape. There will be plenty of marshals and medics on course to help with direction if needed.

The race will start at the event village by the Cable Bay Adventure Park Cafe. All riders will be briefed before leaving and beginning their climb to the start of stage 1 via the Skywire Road and Rainbow unicorn. Moving between stages is NOT included in the overall race time.

Stage 2: Jungle boxer
Stage 3: Veto

Under 17 Male / Female
Under 19 Male/ Female

All ages for the Junior Enduro are calculated by age at the time of the event.

SAFETY EQUIPMENT

Riders racing the Junior Enduro are required to wear a helmet and knee pads when racing. This does not have to be a full face helmet but must be one which fits the child well and without any damage.

Please note: If organisers feel a helmet is not fit for purpose then the rider will not be able to race. Knee pads are also compulsory and gloves are heavily encouraged.

We ask that all riders' bikes have been checked by whānau and caregivers to ensure they are safe to ride.

EMERGENCY PROCEDURE

We have medics and marshals situated throughout the course. However, we ask that if you come across a potentially injured rider; please stop and help by sending the next rider down to tell a marshal. Wait with the rider until help arrives. This will be explained within the briefing as well.

PARENTS AND CAREGIVERS

We encourage whānau and caregivers to ride the course with their child if they wish. However, please stay out of the way of those racing.

For those who are wanting to view the race we suggest three options: These will be signposted with arrows but please ask for directions if needed.

Option 1: Follow the walking trail next to livewire and head to watch the bottom of stage 1 (Broken Gnome) -You will likely have time to then watch the last stage (Veto)

Option 2: Take a short walk across to watch stage 3 (Veto)

Option 3: Enjoy some alone time and have a drink and some food at the Skywire Cafe and wait for your child to return to base.

TIMING:

We are using the Nelson Mountain Bike Club timing system. Racers will wear a timing chip around their wrist which will be picked up by both the start and finish gates on all stages. There will be a start marshal at the top of each stage as well as start and finish signs to show where each stage starts and finishes.

There are no required liaison or start times (go as you wish). We do ask that you keep a decent pace when moving between stages.

Marshals and medics will follow at the back of the field to help with ushering riders through.

NUMBER PLATES

All riders will be issued with a unique number plate. This must be attached to the front of your bike at all times including during official practice and racing.
